Save the Date for SRBR 2020!

Mark your calendars for the next SRBR meeting, May 30 - June 3, 2020. We are excited to announce that SRBR will be returning to the Omni Amelia Island Plantation Resort in Amelia Island, Florida. [Click here for more information...](#)

Research Spotlight

This issue of the SRBR Newsletter places the spotlight on Daniel Flores, a postdoc in the Argentina-Brazil Binational Laboratory of Chronobiology, led by Dr. Oda at the University of Sao Paulo and Dr. Veronica Valentinuzzi at the CRILAR-CONICET research center, in Anillaco, Argentina. [Read more...](#)

Recently Funded Grants

This segment of the newsletter is being reinstated, due to its popularity, with a twist. Research Portfolio Online Reporting Tools (RePORT) is an NIH gateway to their free database of funded projects, investigators, publications and patents. RePORT offers access to NIH spending, as well as the RePORTER, a tool that investigators can use to search for research grants in their area or find program officers who have rhythms-related research in their portfolio. [Read more...](#)

Public Outreach Committee

SRBR is excited to announce Laura Kervezee as the first Public Outreach Fellow. As the new fellow, she will collaborate with the SRBR Public Outreach Committee to help bring chronobiological research to the outside world. In the coming year, one of the key priorities will be to further develop the SRBR website into an attractive and dynamic tool for our members, those with an interest in biological rhythms, policy makers, journalists, and grant

Current Career Opportunities

- [Assistant/Associate/Full Professor of Neuroscience, University of Kentucky](#)
- [Postdoctoral Fellow, Stanford University](#)
- [Postdoctoral Fellowship, Michigan Medicine/VA Ann Arbor Healthcare System](#)
- [Research Technician, Max Plank Research Group](#)
- [Postdoctoral Positions, Baylor College of Medicine](#)
- [Assistant or Associate Professor of Systems Biology, Virginia Tech](#)
- [Postdoctoral Fellow, Beckman Research Institute, City of Hope](#)
- [T-32 Postdoctoral Fellow, University of Texas Southwestern Medical Center](#)
- [Postdoctoral Position, University of Massachusetts](#)

If you would like to add a job posting, please send the following information to info@srbr.org:
Job title, location, brief description of the open position, application deadline and contact information for application submission.

Meetings of Interest

The University of California San Diego Center for Circadian Biology will be hosting its 9th Annual Symposium, "From Cells to Clinic" this February 13-15, 2019 at the UC San Diego Sanford Consortium. The symposium will feature a stellar group of chronobiologists from around the country and beyond, and a few local colleagues. Registration fees will increase after January 11, 2019. [Click here for more information...](#)

You are encouraged to attend the Advances in Sleep and Circadian Science Meeting in Clearwater, Florida this February 1-4, 2019. The meeting is a collaboration between the Sleep Research Society and the Society for Research on Biological Rhythms. Registration rates go up after December 14, 2018. [Click here for more information...](#)

You are invited to attend the Rhythms in Southeast Region (RISER) Meeting at the National Center for Primary Care at Morehouse School of Medicine this May 30 - 31, 2019. The meeting will be a forum for discussion, collaboration, and fellowship, with a special emphasis placed upon providing trainees with the opportunity to share their research findings.
